Reference Letter – VXL EDUCATION TASMANIA

The Nepalese Football Club of Tasmania (NFCT) is pleased to provide this reference for VXL Education Tasmania and its Director, Mr Bishnu Sapkota, in recognition of their ongoing support and partnership with our club.

Over the past three years, VXL Education Tasmania has been a valued and committed partner of NFCT. Their continued support has contributed meaningfully to the growth and development of our club, our players, and the wider community we serve.

Throughout our partnership, VXL Education Tasmania has supported NFCT through sponsorship, financial help, encouragement and active engagement with our club activities and initiatives. Their support has helped us deliver and grow important club programs, competitions, and community activities, including our interstate football initiatives and the NFCT Interstate Cup.

What makes our partnership particularly valuable is not simply the sponsorship itself, but the trust, encouragement and genuine community spirit shown by Mr Bishnu Sapkota and the VXL team. Bishnu has consistently shown a strong understanding of the role community organisations such as NFCT play in bringing people together, promoting participation, building friendships, and supporting the wellbeing of our members.

Our experience working with VXL Education Tasmania has been extremely positive. They have always been approachable, supportive, and professional, and we appreciate the confidence they have placed in NFCT. Their continued commitment to renewing the partnership for a third consecutive year is a strong reflection of the positive relationship we have built together.

NFCT is proud to have VXL Education Tasmania as one of our valued sponsors and community partners. We thank Bishnu Sapkota and the entire VXL Education Tasmania team for their continued trust, support and contribution to our club and the Tasmanian community.

We have no hesitation in recommending VXL Education Tasmania and Mr Bishnu Sapkota as a supportive, professional, and community-minded partners and individual, and we look forward to continuing our partnership and working together to create future positive opportunities for our members and the wider community for many years to come.

Yours sincerely,

Manish Pokhrel
President
Nepalese Football Club of Tasmania (NFCT)
